

# PEST CONTROL

DRIVE AWAY BIRDS WITHOUT HARMING THEM, PROTECT  
THE FRUITS OF YOUR LABOR

# Company profile

Yantai Meiyuan Packing Material Co., Ltd. is an industrial and trade enterprise that integrates design, research and development, production, and sales.

We have a professional product design and development team, as well as a complete production line.

Main products: bird repellent tape, bird repellents, anti bird spike, bird repellent sticks, bird repellent windmills, bird repellent owls, and other bird repellent products; Animal control products such as ultrasonic animal repellents, cat scat mat, fruit fly traps, etc; Greenhouse repair tape, plant tie tape, tape tool, apple reflective film, and other gardening supplies.

We have 20 injection molding machines, 20 slitting machines, 10 bending machines, 2 high-speed printing machines, 4 high-precision cutting tables, and 20 rewinding machines, with over 10 years of production experience. With advanced equipment, professional production, reasonable prices, high-quality products, comprehensive services, independent import and export rights, and comprehensive copyright patents, we firmly occupy the leading position in the industry.

Our products are exported to over 30 countries such as the Middle East, Europe and America, and Asia, and have received unanimous recognition from customers.

We will continue to uphold the purpose of "understanding with heart, operating with heart" and the corporate philosophy of "products are character", and look forward to doing business with you.

Customized	Products can be customized		

**Mode 0:** Off

**Mode 1:** 9 kHz ~ 20 kHz, repel animals such as mice, rats, dogs, foxes, martens etc.

**Mode 2:** 18 kHz ~ 27 kHz, repel animals such as cats, raccoons, badgers, skunks etc.

**Mode 3:** 25 kHz ~ 70 kHz, repel animals such as bats, birds, rodents etc.

**Mode 4:** Strong flashing lights to repel animals such as raccoon, boar, marten, etc.

**Mode 5:** 9 kHz ~ 30 kHz, Repel all animals with variable frequency and strong LED flashing.

**Mode 6:** 9 kHz ~ 70 kHz, Repel all animals and birds with variable frequency and strong LEDflashing.

## OVERVIEW

The MYUM-01 solar powered ultrasonic animal and bird repeller is used to repel animals (Deer,Cats,Dogs,Bears, Squirrels,Rabbits,Skunks,Bats,Rats,Foxes,Raccoons,Mice and much more) and Birds(Pigeons,Woodpeckers,Seagulls, etc.).

## HOW IT WORKS

When animal enter protective area,the PIR(passive Infrared) motion sensor will trigger the repeller to emit powerful ultrasonic wave,strong LED flashing lights and alarm beeps to frighten unpleasant intruders.

## FEATURES

- 1.Equipped with powerful two-color On/Off LED flashing lights and optional audible alarm make it more effective to drive away the most aggressive animals which may adapt and become immune to a certain frequency of ultrasonic wave.
- 2.Protect your property with an area up to 1,615 sq.ft. The most advanced PIR sensor can detect animal's motion within a distance up to 33 ft.
- 3.A high efficient solar panel with 200mA charging current in the sun ensures it always work at status of sufficient energy. Water proof design makes it keep working in any weather conditions.
- 4.Equipped with advanced rechargeable lithium battery (model:18650 for option)instead of old-fashioned 3\*AA NI-MH batteries, the performance is enhanced much on lifetime,charging efficiency and power supply stability.
- 5.Eco-friendly & Versatile:No traps,no dead animals,and chemical free.Adjustable frequency and optional LED flashing and audible alarm allow you to get rid of any animals,or repel them at the same time .
